

**TOGETHER, WE GET IT DONE.™**

# OUR STORY

Explore **CRC**: innovating since 1958 with a unique formula. Manufactured in 12 facilities and producing over 70 million cans annually, we can assure widespread availability, simplifying your search regardless of your location. Available in both physical stores and online.

CRC's ISO 9001 certification affirms our commitment to consistently high quality across all aspects of our operations. Certified and adheres to the strictest guidelines for quality in all facets of research, development and production.

## CRC FOUNDATION

Norman Larsen co-founded Corrosion Reaction Consultants (CRC) with Charles J. Webb II after fine-tuning his water displacement product and naming it CRC Corrosion Inhibitor 5-56® Multi-Purpose Lubricant.

1958

1963

## GROWTH

Expanding production, 5-56®, CRC grew to meet the needs of the automotive, industrial and electrical markets, and moved to a 20,000 square foot facility in Dresher, PA.

## BRAKLEEN

Larsen invented CRC Brakleen® Brake Parts Cleaner creating the largest category in brake maintenance solutions for automotive professionals and self-s world-wide.

1971

1974

## CRC'S BIG MOVE

CRC outgrew the Dresher facility and moved to Warminster, PA which would ultimately become the company's largest manufacturing facility and global headquarters.

## CRC WAS ACQUIRED

By current parent company, Berwind Corporation.

1981

2024

## INTRODUCING GREEN FORCE®

CRC's Sustainable Solution for Quality, Performance, and Environmental Impact Reduction!

# PICTOGRAMS

## Brief Icon Descriptions

### 360° spray system

Use your CRC product in any required angle. Can also be used overhead.

### Use every "x" km

For optimal results use your CRC product every "X" kilometer.

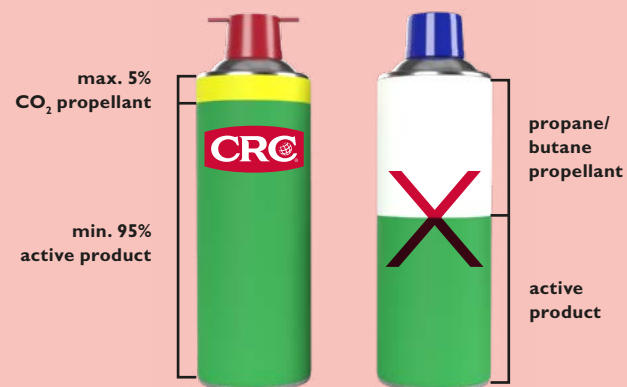

One can treats  $\pm$  'x' L fuel / oil / coolant

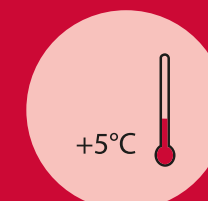

### More product, less propellant

We respect the environment and if it's technically possible, we fill the majority of our aerosols with CO<sub>2</sub>. Besides the environmental aspect, this ensures you have  $\pm$  35% more product.

# WELCOME TO GREEN FORCE

Our **Green Force®** products are backed by rigorous scientific research and certifications, ensuring they meet the supreme environmental standards.

We're committed to minimizing our carbon footprint and preserving the planet for future generations to come. Our products are independently verified and certified by OECD methods to reduce environmental impact while maintaining the quality and safety you expect from CRC.

By choosing **Green Force**, you're not just making a purchase – you're joining a movement for sustainable living and environmental stewardship. Don't just take our word for it – see the difference for yourself. Make a choice with **Green Force** and be a part of the solution.

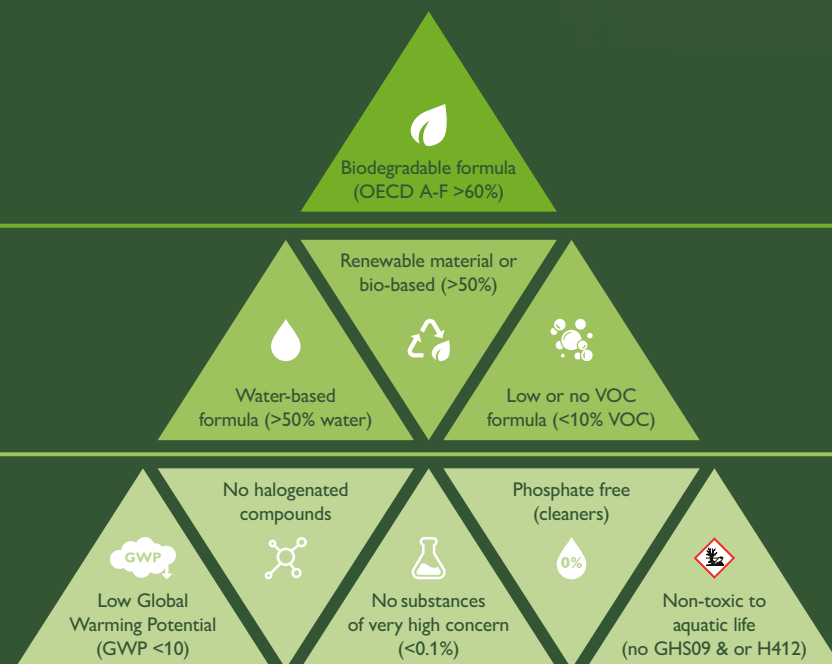

FIND OUT MORE  
ABOUT GREEN FORCE

**1 MANDATORY**  
Formula **must** be readily biodegradable.

**2 GENERAL**  
Formula **must** meet at least 1 of 3.

**3 REGIONAL**  
Formula **must** meet all 5 for EMEIA.  
(expandable with new EU regulations).

**1 BIODEGRADABLE FORMULA**  
**OECD 301A-F >60%\***  
The ability of a formula to be transformed by micro-organisms into carbon dioxide and water. Levels of biodegradability according to OECD301A-F are: "Readily" >60% of a formula is converted within 28-days. "Inherently", a lower level, is between >20% and 60% within 28-days. All Green Force products meet the higher-level, environmentally preferable "Readily Biodegradable" status.

**2 WATER-BASED FORMULA**  
**(>50% water)**  
Replacing traditional solvents with water-based formulations typically create products that are safer in use with reduced environmental impact.

**RENEWABLE MATERIAL OR BIO-BASED**  
**(>50%)**  
Renewable materials are natural resources that can be replenished, with minimal environmental impact. A material using substances from living organisms is referred to as a bio-based material.

**LOW OR NO VOC FORMULA**  
**(<10% VOC)**  
VOC = Volatile Organic Compounds. Reducing VOC's contribute to improved health and air quality, most noticeably by reducing odour and fumes in use.

**3 LOW GLOBAL WARMING POTENTIAL**  
**(GWP <10)**  
GWP is an industry recognised measure of the calculated impact of a product on global warming. The benchmark reference is Carbon Dioxide (CO<sub>2</sub>) with a score of 1. The score allows users and specifiers to consider the environmental impact of the products they are using.

**NO HALOGENATED COMPOUNDS**  
Halogenated compounds are highly reactive chemicals including chlorine & iodine. Reducing the use of halogenated compounds not only dramatically reduces the potential long-term environmental impact from by-products but also eliminates the risk of harm through repeated exposure and cumulative health impacts.

**NO SUBSTANCES OF VERY HIGH CONCERNS**  
As per Reach regulations, substances of very high concern (SVHCs) are legally recognized chemicals known to pose significant and serious health risks to people. In the context of PFAS, SVHCs may also be categorized as 'forever chemicals,' exerting a long-term cumulative impact on the environment.

**PHOSPHATE FREE (cleaners)**  
Phosphates are used in cleaners to condition water and improve performance. Too much phosphate can be toxic to aquatic life so eliminating it from Green Force products eliminates the risk of water quality degradation.

**NON-TOXIC TO AQUATIC LIFE**  
The GHS/CLP Regulations define certain compounds as harmful to aquatic life under GHS09 and H112 warnings. These compounds can interfere with living organism life-cycles so removing these compounds from a formulation minimises environmental impact.

### LATELA CHANNEL 5 AND DISCOVERY CHANNEL

[latela](#) [latela](#)

"CRC has been in our hands since we were children. Why swap the top-tier brand for anything inferior? CRC isn't just any solution; it's the real deal. It meets all our needs in the garage and at home. That's why we proudly collaborate with CRC."

### BJÖRN JOHANSSON BRONZE MEDAL IN THE TEAM TIME TRIAL ROAD RACE WITH TEAMMATES AT THE 1988 SUMMER OLYMPICS

[guidedheroes](#) [guidedheroes](#)

"I choose CRC Greenforce products for their superior performance and sustainable-friendly formulations. They offer top-notch lubrication, cleaning, and maintenance solutions that keep my bike in optimal condition. With Greenforce, I can ride smoothly and sustainably, knowing I'm using products trusted by cyclists who prioritize both performance and the planet."

### MALA MALK KOPTERI MAGAZINE

[kopterimagazine](#)  
[Kopteri-lehti](#)

"I've known CRC since childhood. My uncle, who worked on small machines and cars, always had CRC 5-56 on hand. Now, at 80, he's retired, but the tradition continues with my motorcycle enthusiast son and his friends using CRC products. In my garage, I rely on 5-56, Brakleen, Sisu, and the new Bike Clean. Workshop professionals also trust CRC's quality. Despite changing times, CRC maintains high standards, even with their new biodegradable products."

# HERE'S WHY FLAT TIRE FIX STANDS OUT!

## QUICK AND EASY TO USE

CRC Flat Tire Fix can be applied directly to the punctured tire without needing to remove the tire from the vehicle. This makes it a very convenient solution in emergency situations.

## SEALING CAPABILITY

CRC Flat Tire Fix contains a special formula that effectively seals minor punctures and prevents air from leaking out. This helps keep the tire inflated until it can be properly fixed.

## COMPACT AND PORTABLE

The packaging is small and easy to store in the car, ensuring that you always have it with you in case a puncture occurs.

## TEMPORARY REPAIR

CRC Flat Tire Fix is designed to temporarily seal punctures, allowing you to continue driving until you reach a service station for a permanent repair. This is especially useful if you are in a circumstance where a tire change is not immediately available.

## SAFETY

Being able to quickly repair a punctured tire can prevent potential hazards and accidents that might occur if you are stranded at the side of the road or driving with a flat tire.

## COST-EFFECTIVE

Using CRC Flat Tire Fix can save time and money by avoiding the immediate need to buy a new tire or use towing services.

FLAT TIRE FIX

# CLEANERS

We take cleaning seriously, which is why we put so much care into formulating our products. Our goal? To give you the best results possible every time you use them. So, rest assured, when you choose our cleaners, you're choosing quality that's designed with you in mind.

100 ml  
Ref. 1032355

## AIRCO KLEAN

Your air conditioning system needs an optimal cleaning as well, especially after a period of inactivity or after a long winter period. CRC Airco Klean is easy in use : a fresh odor in your vehicle is only one push away.

### FEATURES

- No difficult disassembling on the airco system needed
- Leaves a fresh scent and prevents unpleasant odors
- Refreshing is done in less than 15 minutes
- Unique, effortless one push application method

### APPLICATIONS

- Suitable for all airconditioning systems in cars, campers and trucks

1 l  
Ref. 1754603

## BIKE CLEAN

**All-round Bike Cleaner.**

Biking is all about freedom and fun, so make sure you keep your ride clean and running smoothly! CRC Bike Clean gets rid of grime, dirt, oil and other stains. CRC Bike Clean is biodegradable, carbon safe, and highly effective thanks to its multiple active ingredients. Works with hot and cold water. For a stronger Chain cleaner use our CRC Power Clean.

400 ml  
Ref. 1755471

## BIO DEGREASER

**The powerful, yet biodegradable solution to remove grease and dirt.**

This versatile degreaser is suitable for various materials, such as mechanical components, metals, chains, sprockets, and even car alloys.

It serves as an excellent and user-friendly substitute for traditional solventbased degreasers and cleaners.

### APPLICATIONS

- Bicycle drivetrain
- Car rim restoration
- Engine compartment care
- Home and garden tool revitalization

250 ml  
Ref. 1032163  
500 ml  
Ref. 1032160

## BRAKLEEN

CRC Brakleen is a powerful and highly effective brake and parts cleaner with multiple active components. The cleaner comes in a handy spray system and removes oil, grease, traffic dirt and brake fluid very fast.

### FEATURES

- Highly effective
- Fast evaporation / fast drying
- Leaves no residues
- Pleasant smell
- Can also be used upside down

### APPLICATIONS

- All brake and clutch parts
- Safe on most rubbers and plastics
- Metal surfaces and equipment

250 ml  
Ref. 1032166

## COCKPIT MATT

The silicone added to CRC Cockpit Matt will clean and renovate all kinds of plastics and rubbers in the car's interior. It simply renovates the car's dashboard in a few seconds.

### FEATURES

- Cleans, renovates and protects
- Leaves a water-repellent film
- Renovates the car's interior
- Removes stains
- Fresh, fragrant odor
- Harmless on rubbers and plastics

### APPLICATIONS

- Polishes dashboards, bumpers, spoilers, vinyl roofs, ...
- Cleans all sorts of plastic and rubber
- Don't use on steering wheel and gear shift

250 ml  
Ref. 1032172

## COCKPIT SHINE

CRC Cockpit Shine is a dry and non-oily spray cleaner and protector for the interior of the car, mainly for cleaning dashboards, vinyl, plastic, rubber, wood and imitation leather. The surface is easily cleaned with a lint free cloth, no water needed.

### FEATURES

- Dry and non-oily substance
- Cleans and protects
- Silicone Free
- Leaves an enjoyable orange odor

### APPLICATIONS

- For all sorts of plastic, rubber, wood, dashboards, vinyl and imitation leather in cars, trucks, boats, ...
- Don't use on steering wheel and gear shift

Box  
Ref. 1032274

## COCKPIT SHINE SPONGE

This particular sponge for cleaning the car's interior renovates plastic, rubber, vinyl and wooden surfaces. The added silicone makes the sponge a powerful tool to refresh colors, while leaving a long-lasting anti-static film to the surface. While cleaning, the product creates a protective barrier against color fading. The CRC Cockpit Shine Sponge will make your car's interior look like new.

### FEATURES

- Cleans, polishes and renovates
- Removes stains and nicotine
- Harmless to rubbers and plastics
- Leaves an anti-static film
- Easy to use without water

### APPLICATIONS

- Dashboards
- Spoilers, bumpers
- Vinyl tops, vinyl upholstery parts
- Don't use on steering wheel and gear shift

125 ml  
Ref. 1032218

### DUST OFF 360

CRC Dust Off 360 is a high-pressure, non-flammable liquid blend that removes dust and cleans with a powerful jet of dry inert gas. It blows away lint, oxide particles and dust in a couple of seconds. It is the most effective product for cleaning electronic devices or data processing equipment and will prevent errors, downtime and damage.

#### FEATURES

- Perfect to use when liquid cleaners are no option
- Harmless to plastics
- Leaves no residues
- Moist free
- Can also be used upside down

#### APPLICATIONS

- For all electronic devices, data processing equipment
- Precision instruments
- Magnetic tape heads
- Communication equipment
- Cable connections
- Keyboards

250 ml  
Ref. 1032652

### DUSTER CLEANER

**A high-pressure, flammable liquid blend that removes dust and cleans.**

It blows away lint, oxide particles and dust in a few of seconds. Very effective product for cleaning electronic devices and computers.

#### FEATURES

- A good alternative when liquid cleaners are no option
- Blows away lint, oxide particles and dry contamination
- Harmless to plastics
- Leaves no residues
- Moist free

#### APPLICATIONS

- For all electronic devices, data processing equipment
- Precision instruments
- Magnetic tape heads
- Communication equipment
- Cleaning of cable connections
- Keyboards

250 ml  
Ref. 1032179

### ELECTRONIC CLEANER

CRC Electronic Cleaner is a very mild cleaner which removes light oils, fingerprints and dust from all kinds of consumer electronics. It provides a suitable and mild cleaning action for sensitive components without the risk of being damaged.

#### FEATURES

- Removes dust and other light contaminations
- Non-corrosive
- Leaves no residue
- Safe on commonly used plastics, rubbers and coatings

#### APPLICATIONS

- Consumer electronics: audio, video & hi-fi
- Alarm systems, switches, sensors and relays
- Motor controls
- Printed circuit boards, PC's and telephones
- Do not use on energized equipment

250 ml  
Ref. 1032178

### GLASS CLEAN AEROSOL

A very effective, biodegradable car care cleaner for all types of glass to remove greasy marks, tar and insects fast. It can be used for many purposes: windows, headlamps and bumpers. The foamy substance gives the product more time to dissolve the dirt.

#### FEATURES

- Biodegradable
- Fast removal of contaminants
- Effective stable foam
- Leaves no film
- Shiny finish
- Ensures a better view

#### APPLICATIONS

- Windshields
- Windows both in-and outside
- Mirrors
- Headlamps

500 ml  
Ref. 1032266

### GLASS CLEAN TRIGGER

Easy to use, powerful cleaner for any type of glass and/or mirror in your car and at home. Its liquid substance is developed to quickly dissolve any dirt, traffic film or insect residues instantly.

#### FEATURES

- Removes residues from insects
- Dissolves dirt and traffic film
- Suitable for all glass surfaces
- Will prevent your glass or mirror from becoming dirty again

#### APPLICATIONS

- All windscreens both in- and outside
- Headlights of cars
- Any type of mirror and glass

250 ml  
Ref. 1032359

### LABEL REMOVER

Removes all self-adhesive paper labels and stickers in no time, without leaving residues. This effective and high-quality adhesive and glue remover works at his best two minutes after wetting the surface.

#### FEATURES

- No residues left
- Free from CFC's and HFC's
- Comes in a handy aerosol packaging
- Time saving
- Dissolves sticky substances

#### APPLICATIONS

- For all self-adhesive paper labels on most surfaces (test on sensitive plastics & paints)
- Office equipment, cables, boxes, ...
- Household articles

250 ml  
Ref. 1032185

### MOTOR CLEAN AEROSOL

Cleans and degreases all engines and makes them look like new again. The fast acting powerful formula removes tar, oil and grease from the outside of the engine. Just spray it on and rinse it off. The fast acting formula will save you lots of time. We suggest to protect your engine with CRC 5-56 afterwards.

#### FEATURES

- Cleans and degreases all engines
- Easily washed away with water
- Easy to use with the handy aerosol sprayer
- Fast acting formula
- Highly effective

#### APPLICATIONS

- All sorts of car and truck engines
- Lawn mowers
- Garden machinery

500 ml  
Ref. 1032268

### MOTOR CLEAN TRIGGER

A powerful cleaner for any engine. CRC Motor Clean is a water based degreaser that effectively removes oil, grease and other contaminations from engines and components.

#### FEATURES

- Easy to use
- Water based degreaser
- Applications

#### FOR ALL SORTS OF ENGINES

- Car, motor cycles, lawnmower, ...

500 ml  
Ref. 1032269

### MULTI CLEAN

How to get rid of all types of oil, dirt or grease? With CRC Multi Clean! This cleaner comes in a handy trigger and is the most powerful degreaser for your car, boat, home and much more.

#### FEATURES

- Acts quickly
- Very powerful
- Antistatic effect

#### APPLICATIONS

- Can be used on all kinds of surfaces
- All outside parts of the car
- Motor bike
- Boat
- Caravan
- At home

250 ml  
Ref. 1032365

### PAINT STRIPPER

If you are looking for a product that removes residues of paints, gaskets, glues and baked-on carbon deposits from metal surfaces easily. No more excessive scraping with abrasive tools is needed.

#### FEATURES

- Powerful formula
- Controlled evaporation
- Easy to use on vertical surfaces
- Time saving

#### APPLICATIONS

- Removal of:
- Gasket residues
  - Carbon Deposits
  - Putties
  - Adhesives and sealants
  - Paints

500 ml  
Ref. 1032267

### SHAMPOO & WAX

This high gloss CRC Shampoo & Wax is the perfect cleaner for bodywork, windows and trim. The product ensures safe, fast and efficient cleaning and will result in a bright streak-free finish. The CRC Shampoo & Wax comes in a handy bottle with child safe screw cap.

#### FEATURES

- Easy for all sorts of cleaning
- Biodegradable surfactants
- Economical in use

#### APPLICATIONS

- Glass or metal bodywork
- Cars, vans, campers, trucks, ...
- Boats
- Motorbikes

250 ml  
Ref. 1032191

### TEXTILE CLEAN

CRC Textile Clean is a special foaming formula that removes stains and dirt from upholstery, carpets, fabric, vinyl and leather, perfect for car care or for daily use at home. This product will ensure a fresh and clean feeling to the cleaned area.

#### FEATURES

- Stable foam formula
- Penetrates quickly
- Easy to use

#### APPLICATIONS

- Carpets
- Fabrics and upholstery
- Seats
- Roof linings
- Door panels

500 ml  
Ref. 1032270

### PLASTIC CLEAN

CRC Plastic Clean is the most complete cleaner for all rubber and plastic parts. It can be used on the inside and outside of the car and around the house. This all-round effective cleaner will remove oil, grease and residues from all plastics and makes your car look like new again.

#### FEATURES

- Easy in use
- Multifunctional for all plastics

#### APPLICATIONS

- Can be used inside and outside
- Rubber carpets
- Bumpers
- Wheel covers
- Plastic garden furniture

250 ml  
Ref. 1032165

### POWER CLEAN

CRC Power Clean is a heavy duty cleaner, aiming for service and repair. Its fast and powerful formulation cleans and degreases all metal parts, machines and tools instantly.

#### FEATURES

- Fast and powerful
- Removes grease, oil and dirt
- User friendly, handy applicator

#### APPLICATIONS

- All metal parts, machines and tools
- Chains

250 ml  
Ref. 1032190

### TIRE SHINE

CRC Tire Shine is the most effective product to clean and protect all sorts of tires. Its active foam gives a sparkling result. If you are looking for a simple and quick way to clean tires, CRC Tire Shine is your best help to make tires look like new again.

#### FEATURES

- Penetrates and cleans the rubber tire wall and makes rubber flexible
- Dries to a clear glossy film
- Protects against discoloration and oxidation
- Simply spray the tire without wiping or washing
- Leaves an inert film that prevents dirt build up
- No influence on drive

- and brake behavior when applied properly
- Overspray will not affect paint or wheel surfaces

#### APPLICATIONS

- Cars, trucks, busses, go-carts
- Not recommended for 2 wheel vehicles
- Only use on the side of the tire

500 ml  
Ref. 1032273

### WHEEL CLEAN

CRC Wheel Clean is a fast and effective cleaner for steel, chromium-plated and lightweight metal wheel rims, free from acids or solvents that may damage your car. Your wheel rims are easily cleaned while rubbing this cleaner with a sponge or cloth.

#### FEATURES

- Emulsifies brake dust
- No acids or harmful solvents added
- Dissolves oil and tar

#### APPLICATIONS

- For all steel, chromium-plated and lightweight metal wheel rims

GIVE YOUR SURFACES NEW LIFE WITH CRC SILICONE SPRAY!

# TRANSFORM YOUR HOME WITH SILICONE SPRAY

Discover the power of silicone spray revealing its endless possibilities for household improvements and clever tricks. From banishing rust to easing stubborn zippers, let's embark on a journey of home improvement together! What's your next project that could benefit from a touch of CRC Silicone Spray magic?

# HERE'S WHY SILICONE SPRAY STANDS OUT!

## PROTECT YOUR BELONGINGS WITH EASE!

Our silicone spray forms a long-lasting, invisible shield, swiftly penetrating surfaces to keep them safe from wear and tear.

## ONE SPRAY, COUNTLESS USES!

Whether it's your favorite gadgets or household essentials like zippers, our versatile silicone spray is your go-to solution for protection and maintenance.

ABOUT SILICONE SPRAY

# LUBRICANTS

When it comes to lubricants, we're all about serious performance. Our formulations are crafted with care to ensure you get top-notch results every single time you use them. So, trust us when we say, choosing our lubricants means choosing tailor-made quality.

250 ml  
Ref. 1032592  
5 l  
Ref. 1030383

## 6-66

### Multipurpose marine lubricant and corrosion inhibitor.

Multipurpose marine lubricant and corrosion inhibitor. Paraffinic oil and a multiple organic inhibitor system that prevents rust and corrosion by displacing and sealing out moisture and by forming a continuous protection barrier against water and oxygen. The oily, almost invisible film of CRC 6-66 lubricates and penetrates into the finest pores and cracks of the surface.

250 ml  
Ref. 1032213

## CHAIN SPRAY

CRC Chain Spray is a water resistant lubricant spray that fully protects chains against corrosion. The specially formulated blend penetrates deeply into the surface and sets a long lasting film.

### FEATURES

- Resists hot and cold water wash-off
- Reduces friction and wear
- Reduces noise and vibration
- Extends chain life
- Harmless to metals and most plastics and rubbers
- Does not contain chlorinated solvents

### APPLICATIONS

- Chain drives, motorcycle chains
- Sprockets, hoists and pulleys
- Overhead door drives
- Tractors and garden equipment

100 g  
Ref. 1030559

## CERAMIC PASTE

Universal, ceramic assembly paste for anti seize applications. No potential for galvanic corrosion and protects for burning-in.

### FEATURES

- Universal high temperature paste with fine ceramic powder
- Metal free
- Excellent water resistant
- Protects against seizing and burning-in

### APPLICATIONS

- Application range -40°C to + 1400°C
- Suitable for aluminium and stainless steel

100 ml  
Ref. 1030145

## COPPER PASTE

CRC Copper Paste will prevent mechanical parts from seizing. This quality copper-based lubricant protects well against fretting and makes it easier to (dis)assemble mechanical parts. It also reduces friction and wear and is resistant to very low and hot temperatures.

### FEATURES

- High pressure and high temperature resistant
- Threaded parts remain in good condition
- Separating film ensures favorable release behavior of the threaded connections
- Resistant to hot and cold water
- Lead-free and nickel-free
- Does not contain chlorinated

solvents and uses hydro-carbon

### APPLICATIONS

- Bolts, nuts, pins, bushings, brake adjusters, spark plugs & splines
- Screw connections on hydraulic equipment
- Flanges, flange seals & exhaust screw connections
- Sliding sleeves / shaft

100 ml  
Ref. 1032370

## GUN CARE

After the firing session clean, lubricate and protect your gun with CRC Gun Care. Its formula penetrates very well and frees and removes powder residues and drives out moisture as well. It will ensure a greater reliability when using it for hunting, sports, competition etc. The perfect care for off-season storage and protection.

### FEATURES

- Penetrates fast
- Drives out moisture
- Frees residues
- Protects against seizing and rust
- Cuts maintenance cost

### APPLICATIONS

- All kinds of guns: rifles, pistols, revolvers, hand-guns, shotguns, black-powder guns, alarm pistols, ...

100 ml  
Ref. 1030701

## HIGH TEMP GREASE

A lithium complex grease with EP additives.

### FEATURES

- Water resistant
- High pressure load capacity
- High thermal resistance

### APPLICATIONS

- Long-term lubrication
- Good sealing properties against dust and water
- Corrosion resistant

100 ml  
Ref. 1032219

## LOCK OIL

CRC Lock Oil will clean and lubricate all locks and will give them a long-lasting protection. It also leaves a thin film that protects lubricating points in a corrosive environment. Perfect for using in every day life.

### FEATURES

- Cleans, lubricates and gives a long-lasting protection to locks
- Will improve functionality of the lock
- Anti-corrosive
- Leaves a thin film that protects lubricating points
- No silicones added

### APPLICATIONS

- All kind of locks at home and in the automotive industry
- For lubricating instruments in the precision-mechanic area

100 ml  
Ref. 1030692

### MULTI GREASE

CRC Multi Grease is an extreme pressure lithium soap-based grease to ensure rolling-element and sliding-contact bearings in all usual speed ranges. The grease's formula makes it suitable for applications in which impact loads and vibrations occur. It protects well against corrosion and is resistant to very high-pressure circumstances.

#### FEATURES

- Good oxidation stability
- High pressure resistance
- Water resistant
- Good protection against corrosion
- Adheres well
- Multipurpose

#### APPLICATIONS

- Rolling-element bearings
- Sliding bearings
- Garden equipment

250 ml  
Ref. 1032206

### RUST OFF

A quick acting, penetrating and lubricating oil that beats rust and corrosion. Perfect to use for hard-to-reach areas. Use CRC Rust Off for easy dismantling of corroded screws.

#### FEATURES

- Penetrates fast
- Easy for hard-to-reach areas
- Frees metal parts from rust, corrosion or grease
- Leaves a solid lubrication
- Does not contain silicones
- Safe for all metals and for most plastics and rubbers

#### APPLICATIONS

- Garden equipment
- Seized and rusted nuts and bolts
- Locks, hinges and screwed parts
- Corroded fasteners, valves

100 ml  
Ref. 1031270

### SILICONE GREASE

#### Valve and elastomer lubricant

Valve and elastomer lubricant. Seals valve seats from an aggressive environment and protects them against ageing, abrasion and corrosion. Allows smooth assembly of elastomer packings and seals. Lubricates elastomer bearings.

250 ml  
Ref. 1032201

### SILICONE SPRAY

CRC Silicone Spray is a functional, colorless spray to lubricate and protect plastic, rubber and wooden surfaces and will make them shine and look like new again.

#### FEATURES

- Forms a colorless and non-hardening film
- Protects the surface
- Penetrates fast

#### APPLICATIONS

- Plastic, rubber and wood
- Plastic drives and sliding mechanisms
- Precision instruments
- Anti-freeze for rubbers
- Protection and maintenance of rubbers
- Zippers

100 ml  
Ref. 1030713

### SUPER ADHESIVE GREASE

Lithium EP grease with high adhesion properties.

#### FEATURES

- Water resistant
- Reduces friction and wear
- Protects from rust and corrosion

#### APPLICATIONS

- Keeps dirt, cold and hot water out of the equipment
- Extends parts and equipment life
- Compatible with all metals and commonly used types of sealing materials

100 ml  
Ref. 1030688

### SUPER LONGTERM GREASE

**CRC Super Longterm Grease is an extreme pressure lithium soap-based grease.**

It lubricates all rolling-element and sliding contact bearings subject to extreme mechanical loads. This quality lubricant will prevent scuffing and will protect well against corrosion.

#### FEATURES

- Water resistant
- Protects against corrosion
- Adheres well
- Builds a long lasting lubrication layer

#### APPLICATIONS

- Rolling-element bearings
- Sliding-contact bearings
- Running-in of new and out-dated bearings
- Bolts
- Do not use on needle bearings

250 ml  
Ref. 1032195

### WHITE GREASE

CRC White Grease will ensure a long lasting lubrication to all moving parts of a vehicle and at home. Its liquid substance sprays like an oil and sets like grease. Above all, it will reduce friction and wear and will leave a visible white, water resistant film, which will protect the parts against corrosion.

#### FEATURES

- Handy spray, does not run or drip off
- Protects metals and alloys
- Assists during assembly
- Prevents seizing

#### APPLICATIONS

- Mechanical parts and friction points
- Garage doors and sliding doors

UNLOCK VERSATILE, WATER-FREE CLEANING POWER WITH CRC WIPES:

# THE ULTIMATE SOLUTION FOR EVERY SURFACE!

CRC wipes are designed for a wide range of surfaces, making them ideal for various applications including tools, equipment, BBQs, and garden implements.

FIND OUT MORE ABOUT WIPES

## HERE'S WHY OUR WIPES STAND OUT!

### Time-saving

The efficiency of CRC wipes means quicker clean-up times, making them practical for both professional and personal use. CRC wipes stand out because they offer powerful, versatile cleaning in a convenient, safe, and efficient format. Their ability to clean a wide range of surfaces without water, combined with their nonhazardous and gentle formulation, makes them an excellent choice for anyone.

The wipes are infused with a powerful cleaning and conditioning solution, allowing effective cleaning without the need for water. It's a one-step process: surfaces are left clean and dry in a single application, saving time and effort.

### Water-free cleaning

The CRC wipes are impregnated with a powerful cleaning and conditioning solution, allowing effective cleaning without the need for water. One-step process: surfaces are left clean and dry in a single application, saving time and effort.

### Non-hazardous

The cleaning solution is non-hazardous, making it safe for both the user and the environment.

Gentle on surfaces and hands: while tough on contaminants, the solution is gentle enough to avoid damaging surfaces and is safe for use on hands.

### Effective on tough contaminants

CRC Wipes can tackle adhesives, gasket residues, bitumen, silicones, ink, oil, grease, lubricants, and wet paint, ensuring thorough cleaning.

# ADDITIVES

Let's talk about additives, shall we? We're all about enhancing your experience, which is why we put so much care into formulating our products. Our additives are designed to give your engine that extra boost it needs to perform at its best. So, next time you're looking to give your ride a little something extra, trust our additives to do the job right!

200 ml  
Ref. 1031196

200 ml  
± 70L

## DIESEL ADDITIVE

**Cetane and lubricity improver. Premium detergency performance giving reduced deposits.**

Effective foam plus corrosion control and water separation capability. Keeps fuel system clean. Prevents power loss due to fouled injectors. Helps restore engine performance with regular use.

### APPLICATIONS

- In all grades of diesel

200 ml  
Ref. 1031232

200 ml  
± 50L

## FUEL STABILIZER

**A fuel stabilizer suitable for gasoline and diesel fuel. The gasoline application is primarily for small engines and for prolonged storage of vehicles.**

Reduces gum and varnish in carburetors and fuel system parts. Reduces oxidation of fuel even when in contact with bronze fittings in the fuel system. Provides corrosion protection. Can be used in 2 and 4 cycle engines. In 2 cycle engines also add the normal 2 cycle oil separately to the fuel.

### APPLICATIONS

Can be used to meet the "Premium Diesel" definitions for:

- ASTM D2274 Stability during fuel storage
- Thermal Fuel Stability using the 180 minute, 302°F Oxidation Test
- Corrosion Protection ASTM D665A or ASTM D665B
- Water Tolerance ASTM D1094

200 ml  
Ref. 1031208

200 ml  
± 70L

## GASOLINE ADDITIVE

**Guarantees a clean fuel system.**

Smooth and regular fuel supply to carburettor and injection engines. Protects against corrosion. Premium inlet valve cleanliness performance. Prevent fuel system injector and inlet valve deposits. Improved vehicle performance under engine cold start. Ethanol (E10) compatible.

### APPLICATIONS

- In all grades of gasoline

200 ml  
Ref. 1031211

200 ml  
5000 KM

## INJECTOR CLEANER

**Cleans injectors and entire fuel system of diesel and gasoline engines.**

Prevents injector fouling resulting in improved engine performance and acceleration. Efficient water separation capability. Ethanol (E10) compatible. Prevents power loss due to fouled injectors.

### APPLICATIONS

- In all grades of petrol

200 ml  
Ref. 1031206

200 ml  
± 3L

## MOTOR FLUSH

**Removes sludge, gum, rust and varnish from interior engine parts.**

Use prior to oil change (gasoline & diesel). High performance dispersant. Provides excellent control of engine deposits under stop-go conditions. Ensures the engine oil reaches all places for good lubrication and cooling. Superior wear and bearing corrosion control, giving maximum engine protection.

### APPLICATIONS

- Suited for semi-synthetic mineral and synthetic motor oils

### OCTANE BOOSTER

**Boosts the octane level and gives extra lubricity to the valve seats, thus preventing valve seat recession on both old and new engines.**

Increased octane level in unleaded gasoline. Maximum protection from valve seat recession (VSR). Reduced emissions. Improves power. Helps improve acceleration. Provides corrosion protection. Compatible with ethanol (E10). The unique formulation offers a wealth of benefits to both new and old engine types.

#### APPLICATIONS

- A gasoline performance package that provides octane enhancement and valve seat recession (VSR) protection

### OIL DRIP STOP

**Stops motor oil leaks, reduces oil consumption and pollution.**

Compatible with all motor oil types. Contains a viscosity improver. A synthetic seal swell additive. Works quickly. Eliminates the need for expensive and time consuming engine overhauls.

#### APPLICATIONS

- Suited for semi-synthetic mineral and synthetic motor oils

### RADIATOR CLEAN

**Removes sludge, scale and rust from the cooling system.**

Protects against corrosion. Will quickly remove numerous different types of soiling and contamination. Safe on all metal surfaces, does not stain. Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use. Protects metals and alloys.

#### APPLICATIONS

- Cooling system on combustion engines

### RADIATOR SEAL

**Stops small radiator leaks.**

Prevents corrosion. Compatible with common cooling fluids. Excellent sealing properties. Non corrosive. Safe on all metal surfaces, does not stain. Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use. Protects metals and alloys.

#### APPLICATIONS

- Cooling system on combustion engines (Not for cooling circuits having a built-in filter unit)

# MULTIPURPOSE

Meet our multi-use oil – your go-to solution for all kinds of tasks! From lubricating squeaky hinges to protecting metal surfaces, this versatile oil does it all. So, whether you're tackling household repairs or DIY projects, trust our multipurpose oil to get the job done smoothly and efficiently.

### 5-56 BIO CLEVER-STRAW

**High performance biodegradable multifunctional oil for lubrication, release, corrosion protection, water displacement, cleaning and much more**

CRC 5-56 BIO is a readily biodegradable formula (according OECD 301B >60%). Biobased carbon content (based on ASTM-D6866-22): 63%

#### APPLICATIONS

- Lubricates moving parts such as levers, slide-ways, hinges, cogs, and chains
- Loosens metal parts seized by dirt, corrosion or dried-up grease
- Stops squeaking noises
- Protects metals and alloys (temporary conservation during storage)

### 5-56 CLEVER-STRAW

**A multipurpose service spray with a special actuator. Never lose your straw again!**

#### FEATURES

- Protects metals and alloys against corrosion
- Displaces and seals out water and moisture
- Enables to start wet engines immediately
- Loosens metal parts seized by dirt, corrosion or dried-up grease
- Stops squeaking
- Wide spray for bigger surfaces
- Long extension tube for precise application

#### APPLICATIONS

- Seized, corroded parts
- Cleaning of plastics
- Displace moisture
- Surface treatment
- Door hinges
- Nuts and bolts
- Garden equipment
- Boats

100 ml  
Ref. 1032223  
250 ml  
Ref. 1032230  
500 ml  
Ref. 1032236

## 5-56

**Multipurpose service spray. Loosens rusted parts and enables to start wet engines immediately.**

Its quick penetrating formula prevents against humidity and also prevents electrical failure. CRC 5-56 also protects against corrosion and even has excellent cleaning properties.

### FEATURES

- Temporary protection of metal parts during storage
- Displaces and seals out water and moisture
- Loosens metal parts seized by dirt, corrosion or dried-up grease
- Extension tube for precise application

### APPLICATIONS

- Seized and corroded parts
- Cleaning of plastics
- Displace moisture
- Surface treatment
- Door hinges
- Nuts and bolts
- Garden equipment

50 pcs  
Ref. 1032271

## WIPES

CRC Wipes for multipurpose, powerful cleaning, all without using water. The wipes are impregnated with an effective cleaning and conditioning solution, effective and tough on contamination but gentle for the surface and your hands.

### FEATURES

- Surfaces are clean and dry in one application
- Highly absorbent
- Non-hazardous to the user, nor the environment
- Handy for service engineers

### APPLICATIONS

- All kinds of surfaces: tools, work pieces, ...
- Effective to remove adhesives, gasket residues, bitumen, silicones, ink, oil, grease, lubricants and wet paint
- 2-in-1
- BBQ and garden equipment

# ANTI-CORROSION

Seeking the ideal solution for your home and outdoor projects for all your metal protection needs?

Experience unparalleled protection for metal surfaces with our anti-corrosion solutions, delivering a durable, glossy finish that lasts. Our zinc-rich coating is ideal for touch-up priming on damaged galvanized surfaces. Versatile across all metal types, it allows quick application of any topcoat within an hour, ensuring superb adhesion for a flawless final finish.

250 ml  
Ref. 1753667

## GALVA BRITE

CRC Galva Brite is an anti-corrosion touch-up spray paint that protects and coats any metal surface. You may expect a glossy aluminum look of the coated area, ages in time to match the look of galvanized steel.

### FEATURES

- Good adhesion to metal surfaces
- Prevents rusting and does not peel off
- Lead and chromate free
- Excellent combination of zinc pigments and aluminum powder
- Flexible, protective film
- Bright and glossy appearance

### APPLICATIONS

- All steel and metal surfaces such as:
- Fences and gates
- Home, garden and farm equipment
- Chassis of trailers and caravans
- Guardrails
- Welding seams
- LPG storage tanks

250 ml  
Ref. 1032151

## GALVA ZINC

If you are looking for a product that beats corrosion and fights rust, CRC Galvanice Zinc is a high-performant zinc-rich coating and an excellent touch-up primer for damaged galvanized surfaces.

### FEATURES

- Allows spot welding
- No chlorinated solvents
- Excellent corrosion resistance
- Easy to add a colored topcoat after use
- Excellent adhesion on metals

### APPLICATIONS

- Suitable for all steel surfaces such as: cars, trailers, caravans, ships, fencing and structural steel
- Preferably apply a topcoat afterwards

250 ml  
Ref. 1032158

## ZINC PRIMER

A corrosion-protective primer suitable for any metal surface. Easy to paint over with any topcoat in less than an hour after using the primer. CRC Zinc Primer will ensure an excellent adhesion of the finishing coating.

### FEATURES

- Perfect to paint over
- Fast drying
- Lead and chromate free
- Fights rust and beats corrosion
- Its light grey color makes it also applicable for light topcoat colors

### APPLICATIONS

- All metal surfaces such as:
- Steel and car bodywork
- Garden machinery and equipment
- Steel building elements
- Chassis and frames
- Seams, spot welds, ...

WITH 5-56 BIO, YOU'RE SUPPORTING A MISSION TO

# REDUCE ENVIRONMENTAL IMPACT AND CREATE A SUSTAINABLE FUTURE

## Investing in longevity, maintaining for generations!

Extend the life of your assets with CRC's durable solutions, built to last for generations.

# HERE'S WHY 5-56 BIO STANDS OUT!

## POWERFUL PERFORMANCE, RESPONSIBLE CHOICES!

Experience the perfect blend of performance and sustainability with CRC's innovative solutions.

## CERTIFIED EXCELLENCE, GUARANTEED!

Independently verified and OECD-certified, CRC products deliver the reliability you can count on.

## SAFETY FIRST, ALWAYS!

Trust CRC for products that not only work wonders but also prioritize your safety at every turn.

## SCIENCE-BACKED SOLUTIONS FOR PEACE OF MIND!

Rest easy knowing that CRC's products undergo rigorous scientific testing for unmatched quality.

# NICHE PRODUCTS

Introducing our line of niche products designed to revolutionize your vehicular maintenance experience. From the powerful CRC Motor Starter to the dependable CRC Fix and the protective prowess of CRC Pole Protect, our range caters to every aspect of your vehicle's needs.

Say goodbye to icy woes with CRC Ice Off, a reliable solution for frosty mornings, and tackle exhaust issues head on with our innovative CRC Exhaust Repair Gum. Engineered with precision and crafted for performance, our products offer unparalleled reliability and ease of use.

Whether you're a professional mechanic or a DIY enthusiast, our niche products are your trusted companions on the road to smoother rides and worry-free journeys. Experience the difference today and elevate your vehicular maintenance game with our exceptional solutions.

250 ml  
Ref. 1032217

## BELT SPRAY

CRC Belt Spray prevents slippage on flat, round and V-belts and adheres strongly to any belt material. The handy aerosol spray forms a tacky, non-drying, water-resistant and stable film, which gives extra pulling power and makes belts more efficient.

### FEATURES

- Prevents slippage on flat, round and V-belts
- Adheres strongly to any belt material
- Enhances transmission efficiency
- Reduces squeaking noise caused by belt slipping

### APPLICATIONS

Eliminates slippage in flat, round or V-belts made out of rubber, leather, fabrics and plastic used in:

- Compressors, pumps, generators, fans, motors

150 ml  
Ref. 1032280

## BIKE FIX

**An easy and fast solution to seal and inflate bike and moped tires without a tire change.**

It inflates tires in a few seconds, perfect for a quick drive to a service facility for examination or a replacement.

### FEATURES

- Fast and easy fix
- Forms a stable and durable film inside the tire
- Clean and easy to use

### APPLICATIONS

- For all tubeless tires
- Bicycles and mopeds

100 ml  
Ref. 1032220

## BIKE OIL

**CRC Bike Oil is a multifunctional service spray for bicycles.**

It penetrates easily through rust and corrosion, displaces water and cleans away dirt. It even forms a great protection barrier against water. The best maintenance product for your bike.

### FEATURES

- Protects against corrosion and rust
- Displaces water and moisture
- Makes rusted parts work again

### APPLICATIONS

- All moving parts of the bike
- All year bike maintenance
- Perfect for winter storage

1 l  
Ref. 1040357  
5 l  
Ref. 1032768

## EVAPO-RUST®

**Water-based rust remover that effectively removes rust to bare metal. Safe-to-use and environmentally friendly.**

Evapo-Rust® is a powerful rust remover for fast and effective restoration. The unique formula is specifically designed to remove rust, without scrubbing or sanding. Thanks to its soak application, it is simple and easy to use. Not only is Evapo-Rust® highly effective in removing rust, it is also safe-to-use and environmentally friendly as it is a water-based, biodegradable product.

### FEATURES

- Powerful heavy-duty formula for even the toughest rust
- Reusable with long lasting efficacy
- No fumes or bad odours, non-flammable, no VOC's
- Will not harm unruined steel, safe on other metals
- Will not affect plastic, PVC, and non-oxide-based paints
- Readily Biodegradable according to OECD 301

150 g  
Ref. 1032394

## EXHAUST MOUNTING PASTE

CRC Exhaust Mounting Paste will simplify the assembly and disassembly of exhaust components. It is a smooth, heat resistant paste, which ensures a reliable seal against carbon monoxide, and other dangerous exhaust fumes. It is presented in tubes for an easy application and definitely saves money and time during the (dis)assembly.

### FEATURES

- Expands and sets quickly when heated
- Mounted joints and flanges are easily separated by a sharp knock
- Withstands heat, water and vibrations after hardening
- Asbestos- and solvent-free

### APPLICATIONS

- Manifolds
- Exhaust flanges and mufflers

130 cm  
Ref. 1032392

## EXHAUST REPAIR BANDAGE

CRC Exhaust Repair Bandage is an epoxy-impregnated glass fiber bandage that repairs large holes and cracks in exhaust systems, without welding or disassembling. The bandage is easy to use and reduces noise. It's the best heat resistant, long lasting and gas-tight repair.

### FEATURES

- Stops dangerous fumes escaping from untight exhausts
- Sets while driving
- No wetting required
- Withstands temperatures up to 400°C
- Completely asbestos-free
- Supplied with foil shield to cover large holes and wire to hold the bandage in place during bonding

### APPLICATIONS

- Exhaust pipes and silencers

200 g  
Ref. 1032389

### EXHAUST REPAIR GUM

Quickly repairs small holes and cracks in exhaust systems without welding or disassembling.

Even for hard to reach areas, the gum is easily applied by hand or with a putty knife, or it can be softened with water. It's the best solution to fix and repair your exhaust.

#### FEATURES

- Hardens by an overnight dry
- Ensures gas-tight repairs
- Reduces lasting noise
- Asbestos- and solvent-free
- Withstands heat, water and vibrations after hardening
- Presented in a tin for easy access

#### APPLICATIONS

- Exhaust pipes
- Silencers

300 ml  
Ref. 1032252  
500 ml  
Ref. 1032256

### FIX

CRC Fix is designed to seal and inflate tires to give fast, temporary relief in emergency situations when changing a wheel with a flat tire is inconvenient. Works in a few seconds and leaves a rubber film on the inside tire wall that seals the puncture. A must-have in every car.

#### FEATURES

- Seals small holes in the tire
- Inflates in a few seconds
- No dismantling needed
- Fast and effective

#### APPLICATIONS

- Tubeless tires
- Cars, campers and motorcycles

500 ml  
Ref. 1032344

### FLAT TYRE FIX

CRC Flat Tyre Fix seals and inflates a flat tire with a non-flammable gas in a few seconds, perfect for a short drive to a service facility. A fast, temporary relief in emergency situations when changing a wheel is inconvenient. A must-have in every car.

#### FEATURES

- Seals small holes in the tire
- Inflates in a few seconds
- No dismantling needed
- Fast and effective
- Non flammable

#### APPLICATIONS

- Tubeless tires
- Cars, campers and motorcycles

500 ml  
Ref. 1032278

### ICE OFF

CRC Ice Off is a fast and efficient de-icing product for all glass surfaces and rubbers. Its handy spray can even be used on thick ice layers. No need for an ice scraper.

#### FEATURES

- Fast and efficient
- For thin and thick ice layers
- No scraping needed
- Not harmful to your windscreen

#### APPLICATIONS

- Windscreens
- Mirrors
- Headlights
- Door rubbers

250 ml  
Ref. 1032378

### LEAK FINDER

The best water-based gas leak detector. CRC Leak Finder detects gas leaks in pipes and pressurized systems quickly by forming highly visible bubbles when applied over any leak. It's a non-staining, non-corrosive and safe product, in a handy aerosol spray, perfect for using in all directions.

#### FEATURES

- For all types of gasses: natural gas, LPG, refrigerants, compressed air, butane, propane, nitrogen, acetylene, carbon dioxide, ...
- Safe on metals and plastics
- Easy application

#### APPLICATIONS

- LPG fuelled engines
- Refrigeration units and air conditioners
- Pipes and valves
- Screw-connections
- Compressors
- Gas barbecues
- Terrace heaters
- Bike tires

15 ml  
Ref. 1032277

### LOCK DE-ICER

An effective lock spray which will quickly de-ice locks. Its complex formula de-ices and lubricates all types of lock parts quickly. It will also prevent the lock from freezing and will protect against corrosion.

#### FEATURES

- Prevents locks from freezing
- Dissolves ice, snow and frost
- Prevents from corrosion

#### APPLICATIONS

- All types of locks

40 ml  
Ref. 1032276

### LOCK DE-ICER + PTFE

CRC Lock De-Icer + PTFE is an easy to use spray for opening doors without effort. Its complex blend with PTFE de-ices and lubricates all types of locks quickly. It will also prevent any lock from freezing and prevents against corrosion.

#### FEATURES

- Prevents locks from freezing
- Dissolves ice, snow and frost
- Prevents from corrosion
- Extra lubricating power

#### APPLICATIONS

- All types of locks

250 ml  
Ref. 1032555

### MOTOR PROTECT

Marine product.

Seasonal protection of all boat-engines, snow-mobiles, MC's etc. Protects all inside and outside motor-parts against corrosion during winter storage.

250 ml  
Ref. 1032263

### MOTOR STARTER

Having trouble starting your engine at low temperatures and in humid conditions? CRC Motor Starter is an instant cold start for all diesel and petrol engines, while it avoids exhausting the battery. An essential tool, especially in colder weather. Gentlemen, start your engines.

#### FEATURES

- Ensures fast, economical starting of all diesel and gasoline engines
- Saves battery strain and engine during cold start
- Saves time and money
- An essential tool, particularly in winter

#### APPLICATIONS

- Engines from: cars, tractors, motorbikes and motorcycles
- Chain saws, lawn mowers

250 ml  
Ref. 1032376

### POLE PROTECT

A quick drying protecting spray with a prominent blue color, which makes it easy to control the points of application. CRC Pole Protect is perfectly water repellent and prevents sulfating battery connectors and poles. A special formula, which protects against future corrosion.

#### FEATURES

- Forms a thick pasty protective film
- Water repellent
- Protects against future corrosion

#### APPLICATIONS

- Battery clamps in the automotive sector
- Unprotected push-pull connectors
- Spring loaded contacts on sliding doors and third/fifth doors in cars

50 ml  
Ref. 1032261

### SILICONE STIFT

An easy to operate silicone stift, specially designed to treat and protect rubbers on cars and at home. The silicone oil will prevent rubbers from freezing in winter and from drying out in summer.

#### FEATURES

- Protects against environmental impacts
- Prevents from freezing in winter and drying out in summer
- Easy to use

#### APPLICATIONS

- Door and trunk seals of vehicles
- Window seals
- Sliding frames of electrical operated car windows

150 ml  
Ref. 1030733

### SUPER HANDCLEANER

Handcleaner for heavily contaminated hands.

#### FEATURES

- Contains mild solvents and biodegradable surfactants
- Also contains small friction parts from natural sources
- Very effective on grease, carbon and most stubborn contaminations

# ADHESIVES

Introducing our premium spray adhesive, designed to tackle a variety of surfaces effortlessly. With its convenient spray application, it's a breeze to use, even on vertical surfaces, providing an instant hold. Plus, it allows pressure to be applied before reaching full strength, ensuring a secure bond.

250 ml  
Ref. 1032346

### FAST GLUE

An excellent spray adhesive, perfectly suitable for many different substrates. The spray makes it easy to use, even on vertical surfaces and will provide instant 'grab', by allowing pressure to be exerted on the bond before full cure strength is achieved.

#### FEATURES

- Easy to fix many different materials
- Tack time: less than 30 s
- Comes in an easy to use spray
- Provides permanent bonds
- Clear, amber liquid
- Free from chlorinated solvents

#### APPLICATIONS

- Suitable for carpet and flooring materials
- For assembling glass fiber reinforced polyester
- Can also be used on wood, plastics, paper, ...

20 g  
Ref. 1030749

### QUICK FIX

A cyanoacrylate adhesive.

#### FEATURES

- Multifunctional cyanoacrylate adhesive
- Ideal for bonding mirrors, glass, rubbers, metals and plastics
- Instant adhesive
- Fast bonding and high strength

#### APPLICATIONS

- Colour: transparent
- Allows adjustments and repositionings
- Applicable on multiple materials

# PAINTS

Say goodbye to long drying times! CRC Pro Paint dries quickly, letting you move forward with your project promptly. Achieve flawless results with ease. This paint offers exceptional coverage, effortlessly hiding imperfections. Enjoy a lasting, glossy finish that maintains its shine for years. Engineered to endure the elements, CRC Pro Paint defends against weathering and UV damage, keeping your surfaces vibrant. Plus, it's resistant to scratches and wear, thanks to its enhanced hardness.

**PRO PAINT**  
A quick drying, universal acrylic paint with an excellent coverage. CRC Pro Paint dries fast and can be used on multiple surfaces. Exists in different colors, all with a long-lasting gloss.

**FEATURES**

- Fast drying
- Excellent hiding power
- Long lasting gloss
- Good weathering and UV resistance
- Resists scratching and wear due to an increased hardness

**APPLICATIONS**

- Wood
- Plastics
- Home and leisure equipment
- Car rims
- Mailboxes

**PRO PAINT HI TEMP**  
A high quality universal lacquer for treated and untreated surfaces. CRC Pro Paint Hi Temp dries fast and can be used on multiple surfaces. Withstands high temperatures.

**FEATURES**

- Fast drying
- Excellent hiding power
- Long term protection
- Resists up to 500°C (Black) and 600°C (Aluminium) after full curing

**APPLICATIONS**

- Exhausts
- Barbecues
- Fire places

**ACRYLIC PAINT**  
CRC Acrylic Paint is a high quality paint that protects your surface while giving it an intensive, long-lasting colour. Thanks to its unique combination of flexibility and hardness, CRC Acrylic Paint is very resistant to external influences, making it an excellent protection paint for a wide variety of hard surfaces throughout industries. It can be used on metal, paintable hard plastics, wood, concrete, paper, glass, ...

**FEATURES**

- Fast-drying: dust-dry after +/- 15 minutes
- Very good coverage
- Adjustable spray direction thanks to flexible nozzle
- Weather- and UV-resistant
- Shock- and scratch-proof
- For indoor and outdoor use
